

NERS ACCREDITED INDEPENDENT CONNECTION PROVIDER (ICP) OF
LIVE MAINS ELECTRICAL
CONNECTION & JOINTING SERVICES

To add to our existing street furniture installation services, Trueform offer turnkey live mains electrical jointing connections works, required to supply and re-direct power supplies to your new or existing assets.

These electrical services include:

- A full cable jointing service for unmetered network disconnections and transfers to the DNO network
- Installation of new power services to the LV network
- Experienced and qualified NRSWA civil engineering teams for the required excavation and reinstatement works
- Final electrical connections and tail-up service
- Full project coordination and management service

Contact our sales office on **020 8561 4959**, email us at sales@trueform.co.uk or visit www.trueform.co.uk for more information on our electrical services
